

# "THE ART OF LEADERSHIP" WORKSHOPS

Great Leaders make success happen!

Experienced Leaders are recognised by how they:

- ✓ Are stronger individuals with greater efficacy
- ✓ Are creators of cohesive team environments
- ✓ Understand how to create an ideal Culture
- ✓ Know how to get the best productivity from individuals & teams
- ✓ Stand out as shining examples among their peers

This package is for you if:

- ✦ You have the desire to create more success for your business or team
- ✦ You value the Leader within you
- ✦ You love learning & growing to be a better version of you

This is for Business Owners, Managers, Supervisors & Step-Up Supervisors just beginning their Leadership journey.

5 Days to learn  
the Art of  
Leadership  
You.... & me!

## There's so much to Leadership don't you agree?

While some people learnt the art from watching other Leaders, there are some people who hear the voices of their previous bosses loud and clear....which has influenced their style to this day (both positively & negatively).

### The Foundation Principals of Leadership

Today is about coming to terms with Leadership..... Just what is a Leader and what do they do, & discovering where you are in your evolution.

### Developing the Leader within

This day is all about discovering the elements that make up great Leadership, & how to apply them in real life situations.

### The Art of Influence

Influence is all about how to communicate most effectively to achieve your teams best performance on a consistent basis.

### Creating Effective Teams

There are some very specific ways to consistently achieve success, and having an effective team is so important.

### Well-being in the workplace

Having a positive culture is a reflection of a team who feel like they matter, & they belong .

*"I highly recommend this course to discover more about yourself, to push yourself to the next level" - Richard.*

*"This course will build a great base for others who want to be in leadership roles. I am now more self-aware which helps me realise when I make mistakes so I can grow and improve on them for the next time around. I also look at the broader picture more" - J.*

*"The best investment you can make is an investment in yourself.....the more you learn, the more you'll earn" - Warren Buffet.*
